

Front End Developer

Front-end web development, also known as client-side development is the practice of producing HTML, CSS and JavaScript for a website or Web Application

Web Developer

A web developer is a programmer who develops World Wide Web applications using a client–server model. The applications typically use HTML, CSS and JavaScript in the client, PHP, ASP.NET (C#), Python, Node.js, Go or Java in the server, and http for communications between client and server. A web developer may specialize in client-side applications (front-end developer), server-side applications (back-end developer), or both

Graphic Designer

A graphic designer is a professional within the graphic design and graphic arts industry who assembles together images, typography, or motion graphics to
